

Intensive Vic 2.0 Workshop on Fractions

Recommended for Years 3-6

18th of June 2025

Location: Box Hill Golf Club

Time: 9am-3pm on 18/6/2025

Price: \$399 (ex. GST)

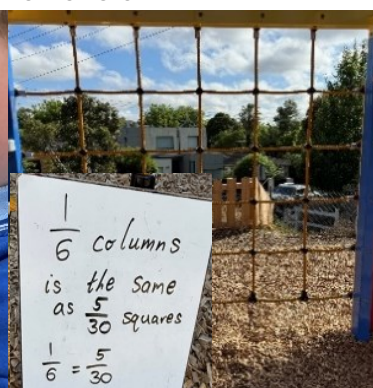

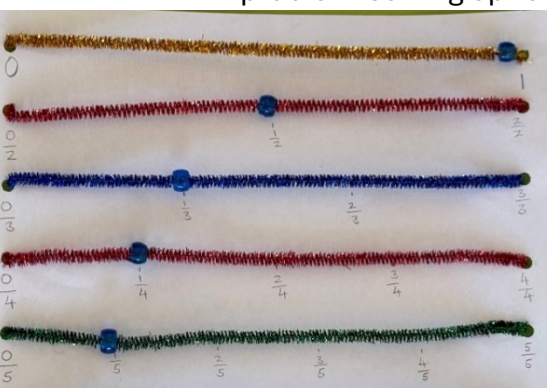

Registration form on the next page (please email a scan/photograph of your form to member@toptenresources.com). Strict limit of 40 participants – register this week to secure your place!

Join our intensive fractions workshop for a full-day immersion in classroom-based strategies to develop a genuine concrete, visual and abstract understanding of **Fractions for Years 3-6**.

A full-day intensive workshop with a Top Ten numeracy coach, including a scrumptious catered morning tea and lunch, and workshop booklet. BYO notepad and pen – we will organise the rest! Led by experienced Top Ten numeracy coach, Ms Anna Kapnoullas, teachers will be taken on a journey of our highest impact tasks focused on fractions, and ongoing classroom routines.

The full-day workshop equips learning specialists, leaders and classroom teachers with the skills to support students to develop:

- a deep conceptual understanding of equivalence and its importance in every concept that follows in the fractions developmental sequence
- real-life links so that students see fractions in their world, and understand their relevance and meaning in familiar contexts using engaging tasks
- strategies to compare and order fractions that show genuine understanding (benchmarking to half, residual part thinking, visual models), not rote 'LCD' methods
- powerful concrete and visual models to convert improper fractions and mixed numbers
- connecting fractions to percentages and decimals using the think \$1 investigation
- skills for solving the addition and subtraction of fractions with different denominators using fraction walls, with estimation and equivalence at the forefront
- problem-solving options, as well as multiplying and dividing fractions for extension.

YEARS 3-6 INTENSIVE FRACTIONS WORKSHOP

PRESENTED BY TOP TEN MATHEMATICS

The Power and Joy of
Hands-on Numeracy
